

UTKARSH SINGH

Operations & AI-Assisted Workflows Professional

Kanpur, Uttar Pradesh | +91 8604982980 | utkarsh.singh.5499@gmail.com

PROFESSIONAL SUMMARY

Operations and data professional with 4+ years of experience across BFSI, AI data annotation, and document operations. Skilled in KYC/AML compliance, JSON schema verification, field-level error flagging, and multi-document data validation. Hands-on experience in structured data annotation including nested JSON review, data type validation, and quality assurance for ML pipelines. Certified through NVIDIA, Tata Group, and JP Morgan Chase. Bilingual in Hindi and English.

KEY SKILLS

Operations	Process coordination, KYC/AML compliance, documentation management, customer handling, inventory tracking, loan verification
Data & Reporting	Excel (advanced), MIS reporting, data cleaning & validation, data tagging, quality checks, dashboards
AI Tools	Prompt engineering (ChatGPT, Gemini, Claude, Mistral AI), AI data annotation & labeling, AI-assisted report generation, Midjourney, Figma, Notion AI, Canva AI
Business Dev	Customer acquisition, relationship management, lead follow-up, branch coordination, sales support
Technical	HTML, CSS, JavaScript, WordPress, Elementor, MS Office Suite
Soft Skills	Attention to detail, bilingual communication (Hindi & English), deadline management, cross-team collaboration

PROFESSIONAL EXPERIENCE

Business Development Officer | [Muthoot Finance Ltd](#) | Feb 2025 – Jul 2025

- Drove customer acquisition through field visits, telecalling, and referral programs — consistently meeting monthly targets
- Conducted end-to-end KYC verification and compliance documentation for gold loan applications
- Produced daily and weekly MIS reports in Excel for branch performance tracking and management review
- Coordinated with credit, operations, and branch teams to ensure smooth loan disbursement and documentation

Training & Skill Development | [Self-Learning](#) | Oct 2024 – Present

- Completed NVIDIA certification in Building LLM Applications with Prompt Engineering (2025)
- Completed WordPress + AI web development course — built professional websites using WordPress, Elementor, ChatGPT, MidJourney, DALL-E, and Figma (Udemy, 2024)
- Completed Edyoda FrontEnd Web Development Micro Degree and Masai Learn JavaScript Tutorial
- Hands-on practice with ChatGPT, Gemini, Claude, Midjourney, Figma, and other AI productivity tools
- Completed Tata Group Data Analytics and JP Morgan Excel Skills certifications via Forage

Operations & Sales Executive | [BPCL Depot, Kanpur](#) | Feb 2022 – Sep 2024

- Handled customer service, billing documentation, and daily inventory reconciliation for petroleum depot operations
- Supported sales coordination and generated daily operational reports for management review

Data Operations Executive | [ParallelDots](#) | Oct 2020 – 2022

- Performed data cleaning, labeling, tagging, and quality assurance for machine learning training datasets
- Applied AI annotation guidelines to text and structured datasets to support model accuracy improvement
- Identified and escalated data inconsistencies to the research team, maintaining defined quality benchmarks

Loan Operations Coordinator | [Kanpur Nagar Nigam](#) | 2019 – 2020

- Verified loan documentation for applicants and ensured compliance with government process guidelines
- Assisted applicants with form filling, eligibility checks, and status follow-ups — improving processing turnaround
- Maintained records of applications and outcomes using Excel-based tracking sheets

AI SKILLS & TOOLS

- Working knowledge of AI model training processes: data collection, labeling, and RLHF
- AI-powered web development — integrated ChatGPT, MidJourney, DALL-E, and Elementor AI into WordPress site builds

CERTIFICATIONS

Master AI & WordPress: Web Development with AI for Beginners — Udemy (Jul 2024)

Tools covered: WordPress, Elementor, Figma, ChatGPT, MidJourney, DALL-E, Elementor AI | 7 hours | Instructor: Daniel Biskupski

Building LLM Applications with Prompt Engineering — NVIDIA (May 2025)

Data Analytics Job Simulation — Tata Group — Forage (2026)

Excel Skills for Business Simulation — JP Morgan Chase — Forage (2024)

FrontEnd Web Development (Micro Degree) — Edyoda (Jan 2024)

JavaScript Tutorial — Masai Learn (May 2023)

PROJECTS

KYC JSON Annotation Sample | JSON, Data Annotation | github.com/utkarshsingh5499/json-annotation-samples

- Created a structured KYC document annotation project demonstrating nested JSON schema verification, field-level error flagging, confidence scoring, and severity classification
- Reviewed 36 fields across 2 documents, identified 9 errors including data type mismatches, wrong value placements, missing fields, and invalid values

Netflix Clone | HTML, CSS, JavaScript | github.com/utkarshsingh5499/netflix_clone

- Built a fully responsive Netflix UI clone using HTML, CSS, and JavaScript with sign-in page, localStorage-based authentication, and pre-filled credentials
- Deployed on GitHub Pages with SEO meta tags and SameSite cookie fixes for cross-browser compatibility

Spotify Clone | React.js, JavaScript, CSS, Vite, React Router | utkarshsingh5499.github.io/spotify-clone-v2

- Built a fully functional Spotify-inspired music player using React.js with component-based architecture — Navbar, Sidebar, Player, Home, Search, and Album components
- Implemented React hooks (useState, useEffect), props-based state management, and React Router for multi-page navigation (Home, Search, Album)
- Features include play/pause, next/previous controls, progress bar, volume slider, active song highlight, and fully responsive mobile design with Spotify-style dark theme

EDUCATION

Bachelor of Science (B.Sc.) | Kanpur University | 2019

Intermediate | UP Board | 2016

High School | UP Board | 2014

LANGUAGES

Hindi (Native) | **English** (Professional Working Proficiency)
